A business staff member will gladly assist you with the application process.

Insurance Coverage

Our goal is to help you receive the recommended dental treatment while maximizing your dental benefits. As a courtesy to our patients, we are happy to bill your dental insurance company. Please remember that the benefits available under the terms of your insurance policy have been determined by your employer and the insurance company and not our office. Unless other arrangements are made, your estimated portion is due and payable in full on the day treatment begins.

Past Due Account Balances

Accounts with balances over 30 days old are considered "**PastDue**" and will accrue a financing fee of 1.5% monthly (18% yearly). This fee will be applied each month until the balance is paid. This applies only to accounts with out a pre-arranged payment plan.
